

How to help at home

- Read with your child daily and sign their reading log at least three times a week.
Use the One Minute Maths app and record on the sheet in your child's reading record.
- Encourage children to use their phonics to sound out unfamiliar words or to look for high frequency words that they recognise
- Ask questions about what they have read to check their understanding
- Practice number bonds to 10 and 20
- Practice counting in 2s, 10s and 5s
- Encourage activities that involve measures (cooking, water play etc.)

Hughenden Primary School

Curriculum Information – Autumn 2024

Year 1

Miss Iqbal

Dear Parents & Children,

As children enter year 1, they transition from the EYFS to the National Curriculum 2014. This leaflet gives a brief outline of the knowledge and skills being taught in your class this term.

English

The children will be using texts this term to help to enhance their reading comprehension and to provide meaningful contexts and purposes for writing.

The overall aims include:

- To explore, interpret and respond to a picture book
- To explore a narrative setting, plot and characters
- To broaden understanding and use of appropriate vocabulary
- To write in role in order to explore and develop empathy
- To write simple sentences.

Maths

The children will be focusing on the following topics:

Place value (within 10):

- Sorting, counting and representing objects
- Counting forwards and backwards from any number
- 1 more and 1 less
- Less than, greater than, equal to
- Number lines

Addition and subtraction (within 10):

- Part-whole models
- Writing number sentences
- Number bonds
- Adding/subtracting 1 or 2

Recognising shapes and patterns using 2D and 3D shapes

Science

The children will be focusing on the following topics:

Seasonal Changes

- The Seasons
- Day Length
- Weather around the World
- Weather Review

Everyday Materials

- Testing materials
- Properties of different materials

In the rest of the curriculum we will be focusing on the following key skills:

Computing	Learning how to login and navigate around a computer, developing mouse skills, learning how to drag, drop, click and control a cursor, developing keyboard and mouse skills through designing, building and testing individual rockets by creating a digital list of materials, using drawing software and recording data. Internet safety.
Art	Exploring mark-making and line; working and experimenting with different materials through observational and collaborative pieces.
PE	Ball skills and team games. Gym and Dance.
Music	Learn to identify the difference between the pulse and rhythm of a song and consolidate their understanding of these concepts through listening and performing activities. Learn songs for Harvest and Christmas.
History	Photographs from the past and what they can tell us about Britain.
Geography	Exploring our local area.
PSHE	Exploring relationships and the impact of positive friendships. Learning that issues can be overcome and how people show their feelings differently.
RE	Learning how the world began through various creation stories and understanding we all have different beliefs.
Design & Technology	Making a moving hand puppet.
