

# Hughenden Primary School

Working together, Empowering Lives, Enriching Minds

12<sup>th</sup> March 2020

Dear Parents,

We are watching the progression of the Coronavirus very carefully and the possible risk of having to close the school for a period of time. We are monitoring the advice from Public Health England and the Department of Education and as a maintained school, any instruction will follow from the Local Authority.

Parents should be starting to think of their own contingency plans should school have to close, especially if they rely on older family members to childmind.

If you or people in your family show any signs of feeling unwell, have a temperature or cough, please self-isolate for a period of 2 weeks and seek advice from 111. It is especially important to consider people who maybe more vulnerable, ie: grandparents, people with low immunity, etc.

Should we receive instruction to close the school, children's learning can still continue! We have the following online platforms which provide a plentiful supply of tasks children can work on.

Please take this opportunity to ensure you/your children know your logins for the following programs:

Eschools (individual to the user)

Nessy (individual to the user)

Espresso – generic login for all children - username: student5909 password: hughenden

Matific – (individual to the user)

RM Easimaths (individual to the user)

Sum Dog

Times Table Rockstars

We have asked all class teachers to check their children have all their logins this week.

Please also visit our school website and go to 'Learning at Home' tab where you will find a host of educational resources.

We will continue to keep you informed as updates are made available.

Kind regards

Sarah Leighton
